ALBERTA IS ON HER WAY TO HELP HERSELF

Manufacturers and Government Have Got Together, Developing Alberta's Resources and Building Up Her Industries, Through the Increased Use of "Made in Alberta" Goods, and the Provincial Marketing Board's Operations and Activities.

HOW many people realize today the extent to which "Made in Alberta" Goods are sold in this Province? Only a few short years ago, all that we could justly claim as "Made in Alberta" Goods were those few products of the forest, coal, agricultural and packing plant products, dairy products, some oil products, flour, and a few textile products, etc.

But TODAY, as a result of the Government's aggressive and far-sighted policies in the Department of Trade and Industry, and through the activities of the Provincial Marketing Board, ALBERTA has been called the "QUEEN PROVINCE OF CANADA." Where else in the Dominion of Canada has industrial advancement, new industry, employment, retail and wholesale sales figures, manufacturing trade, milk and dairy products, flour production, cement production, clay products, sugar, petroleum production, and so on, seen such forward strides on the way to real prosperity, and social security through fair wages and fair prices, as in Alberta? Where else in Canada can one find a more varied industrial development? The coast provinces boast of their forests, mines, fisheries, game, roads, tourists, coal, smelting, etc., all of which Alberta has in abundance. Others boast of their manufacturing, their trade, agriculture, minerals, chemicals, textiles, leathers, steel products, etc. Yet a glance through this Directory will show that we also, in Alberta, have all of these things.

In only one short year of activity, the Provincial Marketing Board has shown a wonderful record of achievement. Through their policy of "Co-operate and Prosper" new industries have been established, helping unemployment and stimulating demand for "Made in Alberta" Goods. Other industries, through similar co-operation with the Provincial Marketing Board, have made great forward strides in industrial development and sales. May we give you a few figures in this connection:

Retail Trade: Through co-operation with over 7,000 merchants, the sale of "Made in Alberta" Goods has increased retail sales through STOCKING OF GOODS, ADVERTISING, AND SPECIAL DISPLAYS, by $6,509,000 during 1939.

Wholesale Trade: Has increased by $3,567,000 during 1939.

Manufacturing Trade: Provincial manufacturers have reported increased activity as shown by figures taken from the Provincial Summary of General Statistics, as follows, from January 1st, 1939, to November 30th, 1939:

Concentrated Milk Production: in $, increase of 135.5%.

Flour Production in Barrels: an increase of 25.21% (5% more than Canadian average).

Cement Production: an increase in $ value of 82.44%.

Clay Products: in $ value, an increase of 32.62%.

Sugar Production: for 12 months, an increase of 3.23%.

Petroleum Products: an increase of 13.39%.

These examples will readily show that greater demand for Alberta goods requires the employment of additional labour. Much of this demand can be attributed to consumer's support secured through the activities of the Provincial Marketing Board. Some idea of these activities may be outlined as follows:

Hundreds of public meetings throughout the Province by the Chairman of the Board and others, stressing the necessity of purchasing Alberta goods.

Advertising by radio, newspapers and billboards. The compilation of and distribution of thousands of directories listing every manufacturer, his place of business, and what he makes.

Identifying Alberta-made goods with a Provincial Trade Mark.

Seeing that goods bearing the trade mark are of high quality and sold at a fair price.

Introduction of a more rigid policy of buying Alberta-made goods by government institutions and departments.

The results of this activity on the part of the Provincial Marketing Board can be seen in the figures for unemployment. For the five months of 1939 prior to the outbreak of the war, Alberta led all the Provinces in decrease of unemployment, and for the year 1939 showed an average decrease per month of 10,869.

The Board has been able, through assistance in buying, solving problems in location, labour, material, etc., and assistance in introducing their products, to establish new industries in the Province, and to considerably expand established industries.

There is now no doubt as to the success of the Government's Interim programme. The Treasury Branches have enjoyed the confidence of our merchants, manufacturers and citizens to an amazing extent, and this confidence has been our incentive to further effort on the behalf of Alberta industry. In this booklet, which will be distributed to all merchants in the Province, each co-operating manufacturer has been given free advertising, and all merchants are urgently requested to further their own interests in increased sales and increased profits by making use of this valuable booklet in placing their orders for goods with these co-operating firms.

The "Made in Alberta" sign is a hallmark of excellence; it has stimulated demand for those goods, and will reward the merchant in increased profits. If you as a merchant have not already availed yourself of the benefits of the interim plan, do not hesitate to do so. Your neighbors, your customers, and your friends are all vitally interested. It is up to you, as merchants, the backbone of Alberta industry, to help put Alberta industry in its rightful position, that is, Alberta first for Albertans.

Co-operate and Prosper with the Provincial Marketing Board.

PROVINCIAL MARKETING BOARD.

GEO. A. CLASH, *Chairman.*

NOTE:

The Advertisers in this Directory are CO-OPERATING with the Provincial Marketing Board through mutual agreement, and will accept Treasury and Transfer Vouchers in payment for their goods and services.

These up to date and aggressive manufacturers have the best interest of Alberta at heart. They know that "What Alberta Makes—Makes Alberta". It is their sincere desire to serve the merchants of Alberta with both quality merchandise at fair prices, and with publicity to create demand for more Made in Alberta products. In this way they know their own factories and employees will be kept busy, and as a consequence the merchants will profit from increased sales revenue.

This Directory is published for the purpose of acquainting you with manufacturers of Made in Alberta goods. It is hoped that the co-operating Alberta manufacturers whose advertisements appear throughout this Directory, will be given every preference. Remember, it is they who are responsible for boosting the sales of Made in Alberta goods, through their own efforts, and those of the Provincial Marketing Board.

Bean Pots (Potteries) 54
Bevelling Glass (Glass) 51
Blocks, Sewer (Cement and Cement Products) 54
Bottles, Glass (Glass) 51
Brick, Red Pressed, Segment Block, Wall Coping (Vitrified) Flue Lining (Vitrified), Flue Lining (Oval), etc. (Brick and Tile) 53
Brick Dust (Brick and Tile) 53
Brick and Tile 53
Bowls, Mixing (Potteries) 54
Bowls, Pudding (Potteries) 54
Bunker, Fuel Oil (Petroleum Products) 52

C.

Casseroles (Pottery) 54
Cement and Cement Products 54
Cement Tiles (Concrete Pipe for Culverts) 54
Cemetery Memorials (Monumental and Ornamental Stone) 53
Chicken Fountains (Potteries) 54
Chimney Brick (Brick and Tile) 53
Churns (Potteries) 54
Cistern Brick (Brick and Tile) 53
Clay Products 53
Concrete (Cement and Cement Products) 54
Concrete Pipe, Culverts, etc. (Cement and Cement Products) 54
Common Brick (Brick and Tile) 53
Coarse Salt (Salt) 55
Coke 51
Crocks and Covers (Potteries) 54

D.

Diesel Fuel Oil (Petroleum Products) 52
Dinnerware (Potteries) 54
Distillate, Amber (Petroleum Products) 52
Domestic Fuel Oil Petroleum Products) 52
Drain or Agricultural Tile (Brick and Tile) 53
Dutch Oven Caseroles (Potteries) 54

F.

Face Brick (Brick and Tile) 53
Field Tile (Brick and Tile) 53
Fire Clay (Brick and Tile) 53
Fireplace Brick (Brick and Tile) 53
Floor Tile (Brick and Tile) 53
Flower Pots and Saucers (Potteries) 54
Fountains, Chicken (Potteries) 54
Flue Linings (Brick and Tile) 53
Footwarmers (Potteries) 54
Fuel Oil (Petroleum Products) 52

G.

Gas, Natural 52
Gas, Pintsch (Railway and Passenger Cars) 55
Gasoline (Petroleum Products) 52
Glass and Optical Glass Grinders (Glass) 51
Glass Bottles (Glass) 51
Glass, Containers (Glass) 51
Glazed Flower Pots and Saucers (Potteries) 54
Glazed Tile (Brick and Tile) 53
Granite, Monumental (Monumental and Ornamental Stone) 53
Grease (Petroleum Products) 52

Treasury Branch

Service

Holds the KEY to the Government's plan for promoting greater use of Alberta made goods. Purchases with Transfer Vouchers stimulate growth of Alberta's industries.

7,125 Alberta merchants are co-operating with services supplied through 30 Treasury Branches, six sub-branches and the 316 branch agencies.

CO-OPERATE AND PROSPER

A. K. OLIVE
SUPERINTENDENT OF BRANCHES

HON. S. E. LOW
PROVINCIAL TREASURER

EDMONTON: Printed by A. Shnitka, King's Printer
